

# PIANC

The World Association for  
Waterborne Transport Infrastructure

Brussels, 7 December 2018.

*To the First Delegates of the  
Qualifying Members of PIANC To  
the National Sections'  
Secretaries of PIANC  
To the Platinum Partners of  
PIANC  
The Sister Associations of PIANC*

**Subject:** re-launch ToR RecCom WG 169 on **“Fire System Detection and Controls in Marinas”**.

Dear Madam,  
Dear Sir,

RecCom is pursuing the completion of the WG 169 report on **“Fire Systems Detection and Controls in Marinas”** and is seeking additional members to complete the task.

The WG topic is of great interest to PIANC's Sisters association ICOMIA and the previous members have made significant progress, but additional effort is required to complete an adequate report. While RecCom has identified members that will continue participating in the WG, the Commission has asked for a new call to expand the WG membership.

May we ask you to inform the secretariat of RecCom by **8 February 2018** (copy to the General Secretariat) about the name, qualification and (e-mail-) address of the expert, proposed by your country/organisation. Please enclose a brief curriculum vitae of the proposed expert together with some details about his/her professional experiences.

An additional expert per country/organisation, being a young professional, can participate in the Working Group activities. Further I would like to remind you that Working Group Members should either be Individual Member of PIANC, working for a Corporate Member or Platinum Partner, be an invited expert or a be a member of a Sister Organisation.

We remind you that in accordance with PIANC rules, the costs incurred in taking part in Working Group activities are borne by the member countries/organizations.

We thank you beforehand for your collaboration.

Yours sincerely,

Geert Van Cappellen,  
Secretary-General
