Subject: Re-launch TOR RecCom working group **Nr. 148 on "Sustainable Recreational Navigation Infrastructure"**.

Dear Sir, Dear Madam,
Dear Colleague,

The Recreational Navigation Commission has requested the re-launch the TOR of a working group on **"Sustainable Recreational Navigation Infrastructure"**.

The Working Group prepared a full draft report during 2016, but after reviews by RecCom, EnviCom and sister organizations, it was decided that updates and revisions were required. A new call for Working Group members was decided in order to complete the revisions to the report.

We hereby ask that you communicate to the Chairperson and Secretariat of RecCom (copy to the General Secretariat) the name, qualification and (e-mail-) address of the members proposed by your country/organization **before August 18th, 2017**. Please enclose a brief curriculum vitae of the proposed members together with some details about their professional experience. **Note that an expert, an alternate and a young professional member per country/organization can participate in the working group activities.**

We remind you that in accordance with PIANC rules, the costs incurred in taking part in working groups' activities are borne by the member countries/organizations. However, the RecCom Working Group Chairperson will try to facilitate participation through electronic communications to the extent possible.

We thank you beforehand for your collaboration.

Yours sincerely,

Geert Van Cappellen,
Secretary-General
